“All written according to entirely new principles of logical reasoning and directed toward the accomplishment of the following three fundamental tasks: FIRST SERIES To destroy, mercilessly and without any compromise whatever, in the mentation and feelings of the reader, the beliefs and views, by centuries rooted in him, about everything existing in the world. SECOND SERIES To acquaint the reader with the material required for a new creation and to prove the soundness and good quality of it. THIRD SERIES To assist the arising, in the mentation and in the feelings of the reader, of a veritable, nonfantastic representation not of that illusory world which he now perceives, but of the world existing in reality.”
